Level 1 Gateway (Full-Time)

The Level 1 Gateway programme at NPTC Group of Colleges is a full-time foundation course designed to provide students with an introduction to a range of vocational subject areas. The course uses a targeted RARPA (Recognising and Recording Progress and Achievement) approach to support individual development and progression. Students may also work towards BTEC vocational qualifications where appropriate, alongside a strong focus on Essential Skills Wales, particularly literacy and numeracy.

Entry Requirements

Applicants should have GCSE qualifications at grades E or F, or have successfully completed Entry Level 3 qualifications.

Career Prospects

Successful completion of the Level 1 Gateway programme can support progression onto higher-level courses, further vocational study, or provide a pathway into employment within relevant vocational sectors.

Additional Costs

There will be additional course-related costs.
