Level 1 Gateway Health and Social Care (Full-Time)

This Level 1 Gateway Health and Social Care course at NPTC Group of Colleges provides students with an introduction to the Health and Social Care sector. Students develop knowledge, practical skills and confidence through a range of health and social care-related activities, while also improving communication, literacy and numeracy skills through the Essential Skills Wales framework. A strong focus is placed on developing Maths and English skills to support progression, independence and future employability. Learning is supported through individual target setting and the RARPA (Recognising and Recording Progress and Achievement) process.

Entry Requirements

Successful completion of an Entry Level 3 programme in Health and Social Care or evidence of the ability to work at Level 1.

Career Prospects

Students may progress to higher level courses, supported internships, voluntary opportunities or employment within the Health and Social Care sector. Where appropriate and achievable, some students may also work towards a BTEC qualification to support progression.

Course Modules

The units studied include child and adult based themes.

Assessment

Assessment is through coursework, practical activities and individual target-based outcomes. Progress and achievement are monitored and recorded through the RARPA process. Where students are able to meet qualification requirements, they may undertake a BTEC qualification; otherwise learning is delivered through a non-accredited, personalised pathway.

Additional Costs

There may be additional course-related costs.
