

AAT Level 2 Certificate in Accounting (Part-Time)

AAT (The Association of Accounting Technicians) Courses offered give students the opportunity to gain experience and to progress in their accounting careers. Courses consist of three levels. Each level represents a qualification in its own right.

Students receive a certificate for each level achieved. Registration with AAT is required and the cost of this is paid directly to the professional body.

Units include Bookkeeping Transaction, Bookkeeping Controls, Elements of Costing, Using Accounting Software, Work Effectively in Finance and a Synoptic assessment which will provide a good breadth of understanding for the new accounting employee or those wishing to enter the accounting environment.

Entry Requirements

AAT does not set any prerequisites for the study of the AAT Foundation Certificate in Accounting. However, for the best chance of success, we recommend that students begin their studies with a good standard of English and Maths and a committed attitude to study with the demands of 5 externally set online examinations.

These qualifications are intended for learners over the age of 16 in a wide range of settings but primarily working within an accounting or financial setting. Progression to AAT Level 3 Diploma in Accounting.
