

Care Studies - Foundation Degree (Full-Time)

The Foundation Degree in Care Studies is a two-year, full-time Higher Education course designed to provide students with the opportunity to study a range of healthcare disciplines and builds an appropriate academic foundation and relevance in each subject area. The programme enables students to develop a range of graduate and expected employability skills which transfer to the world of work. The requisite work placement element of the programme gives opportunities for students to acquire practical skills and professional values within the diverse field of practice. This is located in the Health, Social and Childcare (HSC) department.

This course is run in partnership with The University of Wales Trinity Saint David.

UCAS Code: L510

Entry Requirements

This programme is aimed predominantly at mature students within the wider Neath Port Talbot community, who have existing knowledge and experience from working in the Health and Social care sector, or other relevant life experience. We aim to reflect the multidisciplinary approach required in this sector and actively seek prospective students from varied employment/ academic backgrounds.

Career Prospects

A number of our FdSc Care Studies graduates improve current career pathways (H&SC) whilst others may progress into further training or undertake professional qualification. Career routes are diverse as a progression from this programme, most graduates go on to pursue traditional care options, though the course is not limiting in this respect. Alternative career considerations are promoted through the college careers advice centre and links with the wider industrial provision, e.g. Police force, 3rd Sector, Youth services, Rehabilitation teams, Environmental health, Public health.

Course Modules

The programme will include lectures, tutorials and a substantial work placement. You will usually have to complete portfolios, oral and poster presentations and written assignments as you progress through the
