

Construction Management - BSc (Hons) (Part-Time)

The Construction Management - BSc (Hons) programme prepares learners for the management of construction projects of all sizes. It prepares you to take on responsibilities of client management to satisfy employers that projects are completed to schedule and to the specified standard and budget. Students are eligible to exit with an HND in Construction Management if they have completed the appropriate number of credits.

This course is run in partnership with Wrexham Glyndwr University.

UCAS Code: 3K46

Entry Requirements

Entry is directly into Level 5 for applicants with a HNC in Construction and Built Environment or equivalent qualifications with an acceptable unit combination.

Career Prospects

Graduates have a range of employment prospects in a wide range of Construction disciplines, for example: Project Manager, Building Surveyor, Quantity Surveyor or Construction Manager.

Course Modules

This programme will include lectures and practical workshop sessions. Modules: Construction Technology, Development Management, Planning and Building Control, Construction and Site Management, Construction Materials, Renewable Energy, Inter-professional Studies, Project Management, Health and Safety, Dissertation

Assessment
