

C&G 2382-12 18th Edition Electrical Wiring Regulations BS7671 (Part-Time)

This part-time Electrical Wiring Regulations course ensures that you are up-to-date with the latest industry regulation on wiring and the safe use and operation of electrical equipment and systems. It covers the current edition of the IEE Wiring Regulations. These regulations are recognised by the British Standards Institute as a British Standard (BS7671).

If you're a practising electrician, you must comply with the regulations for electrical work, this qualification is designed to provide those seeking progression in their career with the opportunity to develop the skills necessary to carry out job roles and responsibilities associated with the Electrotechnical industry.

Entry Requirements

Currently there are no formal entry requirements for candidates undertaking this qualification. However, centres must ensure that candidates have the potential and opportunity to successfully gain the qualification. It is expected that candidates will have basic knowledge of electrical science.

Assessment

The course consists of classroom instruction and exercises with an open book multiple choice online assessment upon completion.

There is an exam scheduled on completion of the course.
