Gateway Media and IT E3 (Full-Time)

Gateway IT is designed as an introduction to the vocational area of Information Communication Technology encompassing units of Financial Awareness, Designing and Creating a Product and Presenting to Others, whilst using a range of software. The course will also develop employment skills e.g. writing a cv, completion of application forms, interview skills and understanding the rights and responsibilities of the workplace. Basic skills in literacy and numeracy are also developed.

Entry Requirements

No previous knowledge is required, although learners need to be able to demonstrate an ability to work to at least Entry 3.

Career Prospects

Progression routes to higher level courses or gain skills for employment

Course Modules

This course gives students the opportunity to develop positive attitudes and behaviours to work, whilst encouraging the improvement of basic skills.

Assessment

Course work and final assessments.

Additional Costs

There will be additional course-related costs.
