

HND Computing (Full-Time)

HND Computing is a 2 year, level 4/5, higher education course designed for individuals who wish to develop a career in the exciting and ever-changing Computing and Digital Technology sectors.

UCAS Code: 004G

Entry Requirements

- 2 A Levels at D Grade or MP/PPP profile from a BTEC Level 3 qualification. Also 5 GCSEs at Grade C or above, to include English and Maths (or equivalent qualifications)
- HNC in Computing (equivalent to first year of the HND)
- Mature learners (over 21 years) who do not have formal qualifications, but can demonstrate relevant work experience, and/or achievement of professional qualifications in Computing or IT, are also welcome to apply (and will be individually assessed). If you have any queries, please contact our Admissions Team.

Career Prospects

Graduates have employment prospects in Computing related disciplines, including Application development, Business Systems Analysis, Database Development and Administration, Information System Consultancy / Management, Games/Multimedia Development, Web Design and Development, Network Management, Cybersecurity Consultancy / Management, IT Operations and Technical Support

Alternatively, a recognised progression route is onto the BSc (Hons) Applied Computing course offered at NPTC Group of Colleges.

Course Modules

Year 1:

- Programming
- Networking
- Database Design and Development
- Security
- Software Development Lifecycles

Coleg Afan
Coleg Bannau Brycheiniog
Academi Chwaraeon Llandarcy
Canolfan Ragoriaeth Adeiladwaith Maesteg
Coleg Castell-nedd
Coleg Y Drenewydd
Coleg Pontardawe
Canolfan Adeiladwaith Abertawe

Afan College
Breckon Beacons College
Llandarcy Academy of Sport
Maesteg Construction Centre of Excellence
Neath College
Newtown College
Pontardawe College
Swansea Construction Centre

- Website Design and Development
- Planning a Computing Project
- Professional Practice

Year 2:

- Computing Research Project
- Business Intelligence
- Database Management Systems

Plus 4 options from the following pathways (subject to demand and viability):

- Software Engineering: Application Development, Application Program Interfaces, User Experience & Interface Design, Games Development
- Emerging Technologies: Internet of Things, Virtual & Augmented Reality Development, Robotics, Cloud Computing
- Cyber Security: Network Security, Forensics, Operating Systems, Applied Cryptography in the Cloud
- Web Development – Client/Server Computing Systems, Cloud Computing, E-Commerce & Strategy
- Business Analytics: Big Data Analytics and Visualisation, User Experience & Interface Design, Digital Technologies as a Catalyst for Change

Assessment

This programme will include lectures and workshop sessions. You will have to complete written assignments as you progress through the programme.

Additional Costs

There may be additional course-related costs for text books and educational visits
