

IEMA Pathways To Net Zero (Part-Time)

This course aims to provide supervisors and leaders with a strategic and operational overview of environmental sustainability as it affects their industry and work area by providing clear, consistent guidance on the best way to respond to the climate crisis.

Entry Requirements

There are no formal entry requirements, but ideally, candidates will be working in a practising role so they can easily put what they've learned into action.

Career Prospects

Successful delegates gain the opportunity to progress on to the IEMA Foundation Certificate in Environmental Management course.

Course Modules

This course covers:

- Why net zero?
- Responding to net zero
- Greenhouse gas accounting - a primer
- Carbon neutrality
- Net zero methodologies
- Developing a decarbonisation plan
- Net zero across the value chain
- Communicating net zero

Assessment

Online multiple-choice test on the IEMA assessment portal
