

Level 3 NVQ Diploma in Interior Systems (Part-Time)

This qualification is designed for experienced installers who need to prove their advanced skills and knowledge in working with interior systems. It covers complex installation tasks across three specialist pathways and ensures learners can work safely, competently, and to industry-recognised standards in a construction environment.

It is suitable for those handling complex requirements and taking responsibility for planning, coordinating, and completing interior system installations.

Entry Requirements

Delegates must be employed in a role that allows them to generate workplace evidence.

Career Prospects

Successful delegates gain the opportunity to progress into senior craft roles, specialist installation roles, or supervisory positions.

Course Modules
