

Workskills Explorer (Part-Time)

Explorer Courses have been designed for individuals looking to explore career opportunities in a specific industry sector, or for those who are not sure what career they wish to go into and are still exploring their own interests and strengths.

The sectors are: Business, Construction, Digital, Childcare, Health & Social Care, Hospitality and Sport.

An Explorer Course not only gives a realistic view of what it would be like to work in a particular sector, they also contain tasks and activities to help individuals to assess, review and enhance their personal qualities and skills they may have to work in the sector.

At the end of the course, individuals will be awarded with a digital badge, which they can add to their CV and present to an employer to confirm course-completion.

Explorer Courses can be self-paced, which means individuals can complete them at their own speed – and, as they are mobile-optimised, they can be accessed from anywhere at anytime.
