

APPENDIX 1 - Example Assessment Framework

It is advised that assessment frameworks are updated to include a section that considers the impacts on the Welsh Language. A suggested approach is provided below. You may wish to consult with the College's Director of Bilingualism to provide advice and support during this process.

Question	Brief Description
Has the applicant identified any positive impacts on using or promoting the Welsh Language?	
Has the applicant identified how the positive impacts can be increased?	
Are there positive impacts, or actions that could increase positive impacts, not recorded in the application form that the panel wish to note?	
Has the applicant identified any ways to decrease negative impacts on the Welsh Language?	
Are there actions that could decrease negative impacts not recorded in the application form that the panel wish to note?	
Has the applicant identified any negative impacts on using or promoting the Welsh language?	
If there are any negative impacts on promoting or using the Welsh language, how will they be mitigated?	
Are there negative impacts not recorded in the application form that the decision-maker may wish to consider?	
Do we need more information from the applicant for us to assess the impacts on the Welsh language?	
Please record here any further information provided by the applicant, if requested.	
Do we need to impose a condition of grant that will ensure more positive impacts on the Welsh Language or one that will decrease negative impacts?	

If any are recorded here, they must also be recorded in the terms and conditions of the grant and the applicant must be made aware of them.
